

EVC350 4-site MCU Full HD Video Conferencing System

Perfect for any budget, the EVC350 is AVer's affordable, 4-site, high performance MCU video conferencing system. This all-in-one video conferencing solution allows organizations to start conferencing immediately, with no installation fees or costly upgrades. Our patented, intelligent microphones can be linked together to form a daisy chain so you can enjoy great audio reception in any size of conference room. All your important meetings can be recorded directly to a USB flash drive, even when you are offline. Moreover, you can use the EVC350 with AVer's EZDraw collaborative annotation app to access to an impressive array of interactive tools. Users can also connect to the EVC350 from PCs, laptops, tablets and smart phones via AVer's EZMeetup software. All these great features make the EVC350 the perfect communication solution.

License upgrade to 6, 8 or 10 points

EVC350 users can take advantage of our new license upgrade program to expand from up to 4 point communication to up to 10 points. By simply entering the license key you can conveniently upgrade your EVC350 and meet your company's growing communication requirements.

Full HD 1080p video & content sharing

Our EVC350 supports conferencing on up to 4 different sites at full HD 1080p resolution. Its cost-effective embedded MCU offers smooth video streaming along with content sharing, and is the ideal solution for those who want to start video conferencing today.

PTZ camera with 18X total zoom

The EVC350's powerful full HD PTZ camera offers 12X optical zoom plus 1.5X digital zoom, as well as +/-130° pan and +90°/-25° tilt, quick auto-focus and clear close-ups of participants, making it ideal for any size of conference room.

One-touch recording

Record your video conferences- including video, audio and shared content- directly to a USB flash drive, creating video archives that help avoid post-meeting information loss. Play back recorded meetings on your EVC350 or on your PC using AVer's VCPlayer software.

Annotate anytime & anyplace

Using the EVC350 with AVer's EZDraw collaborative annotation app opens up powerful business communication possibilities. Users at different sites can write text, make highlights or draw on the same document, providing an ideal solution for improving the flow of discussions and achieving better mutual understanding.

Connect whenever & wherever you need

The EVC350 can connect up to 4 sites no matter where they are via AVer's EZMeetup mobility software. EZMeetup makes it possible to join video conferences from PCs, laptops, mobile phones and tablets, so all participants can join in important meetings with smooth video and clear audio from nearly any location.
