

Confidea F-CM

Confidea Flushmount Chairman Microphone Unit

Description

The Confidea F-CM is Televic's microphone panel for the chairman, for use in basic discussion systems. Its small form factor, housed in an elegant casing, permits a minimalistic integration into any meeting room furniture.

Since the Confidea F-CM panel has no integrated speaker, it is intended for use at venues where a room sound system is already installed.

The panel has a screw-lock connector to fit a removable microphone (available in 30, 40 or 50 cm versions). The chairman version has 2 additional buttons compared to the delegate unit: "Next-in-line" and "Priority".

Benefits

The Confidea F-CM is a sleek and discreet solution that is perfectly suited to conference rooms with an existing sound system.

The unit is available in a variety of custom colors, sizes and finishes to blend in neatly in any environment. The Confidea F-CM is backed by the Plixus® network and redundant cabling to ensure maximum reliability. Finally, its shielded microphone is immune to mobile phone interference.

Features

- » Basic discussion function
- » Tactile microphone push button with integrated LED
- » Next-in-line button
- » Priority button
- » Rounded corners for easy installation
- » Trademark natural Televic Sound
- » Available in custom colors, sizes, finishes Basic discussion function
