

TALKBACK SYSTEM ITC-100

Good communication is vital in any production studio, keeping communication between the director, camera crew, lighting engineer and control room is essential to produce a polished end result.

The Datavideo ITC-100 Intercom system provides 8-way talkback and tally indicators. The producer can talk to an individual channel or to all channels simultaneously. High S/N ratio makes the communication crisp and clear.

The ITC-100 is a standard 19"/1U rack design, so it is easy to integrate into any rack system for using in the field or studio.
